Hess Ornamental Iron Opens New Central PA Facility to Optimize Operations and Expand Metalworking Capabilities

Ornamental iron and metal fabrication company announces its move to a new location in Red Lion, Pennsylvania, to support strategic growth.

York, PA. – Hess Ornamental Iron, a commercial and residential metal fabrication and repair company specializing in custom railings, stairs, fences and gates, is pleased to announce the opening of its new, 19,213 square-foot facility in Red Lion, PA. The spacious facility at 775 Lombard Road serves as the company’s headquarters location after a recent move from Windsor, PA, and allows the company to accommodate strategic growth, including expanding commercial fabrication capabilities. As part of the relocation and expansion, Hess Ornamental Iron plans to increase their workforce by 15 to 20 employees.

“This growth opportunity supports our company’s vision of becoming a leader in specialty design-build fabrication and restoration. The new facility will allow our team to optimize project schedules, increase production and expand our commercial stairs, railings and miscellaneous metals capabilities,” said Hess Ornamental Iron owner, Scott Hess.

The new location features state-of-the-art equipment, allowing the company to increase capacity, take on larger projects and expand their footprint outside of the York, Lancaster, Harrisburg and Philadelphia areas. The new Red Lion location also includes a showroom highlighting a wide range of residential and commercial products and capabilities, which will be open to the public for walk-in visits on Monday through Friday between 8:00am and 4:00pm and available for extended hours by appointment.

“This expansion is a monumental step in our strategic growth journey to become one of the East Coast’s leading specialty fabrication and restoration companies and is key to our ability to continue delivering on the promises we make to clients to provide exceptional quality, value and experiences,” added Scott Hess.

About Hess Ornamental Iron

Hess Ornamental Iron is a metalworking company based in York County, PA. Offering services in design, engineering, fabrication and installation, the company specializes in custom railings, stairs, fences and gates as well as in the restoration of vintage structures. They also offer a variety of forged blacksmith items. The company provides a unique service for complex and award-winning design-build projects.
